produces

明月海藻集团海藻酸盐年产16000吨, 占全球总产量的30%。海藻酸盐产业主要以巨藻、泡叶藻、海带、裙带等大型褐藻为原料, 通过生物和化工技术, 提取海藻酸盐(钠钾钙锌镁)等成分, 开发成天然的食品配料、功能食品、海洋药物、海洋生物医用材料、海藻化妆品、海藻肥、印染糊料等各种产品。

Bright Moon Seaweed Group produces 16000 tons of alginate annually, accounting for 30% of the global total production. Alginate industry mainly uses macroalgae, algae, kelp, skirt belt and other large algae as raw materials, extracts alginate (sodium, potassium, calcium, zinc, magnesium) and other components through biological and chemical technology, and develops natural food ingredients, functional foods, marine medicines, marine biomedical materials, algae cosmetics, algae fertilizer, printing and dyeing paste and other products.

三大特性

Three characteristics

溶液特性
Solution properties

凝胶特性
Gel properties

保健特性
Health care properties

为工业生产带来价值

Bring value to industrial production

产品类别 Category	品种 Grade	规格 spec	粒度 Mesh size	海藻酸盐行业解决方案 Alginate industry solutions
海藻酸钠 Sodium alginate	食品级 food	根据使用需求 As per requirement	颗粒30-200目 Granula type 30-200	仿生食品塑型; 果冻成型。 肉制品、乳制品、饮料、冷冻食品、面制品、焙烤制品、酱料和调味料、齿科印模材料 Bionic food moulding; jelly moulding. Meat products, dairy products, beverages, frozen foods, flour products, baked products, sauces and condiments, dental impression materials
	药用级 pharma		100目 100mesh	药用辅料: 缓释剂、黏合剂、助悬剂、增稠剂、微囊材料、成膜材料等 Pharmaceutical excipients: sustained-release agents, adhesives, suspension aids, thickeners, microcapsules, film-forming materials, etc.
	低分子量 Low molecular weight		60/100目 60/100mesh	药用辅料、功能性食品、保健食品、喷墨印花、化妆品保水 Medical accessories, functional food, health food, ink-jet printing, water retention of cosmetics
	工业级 Industrial		活性印花 Reactive printing	30目可订制 30mesh or customerize
分散印花 Disperse printing		用于化纤面料印花 Printing of chemical fibre fabrics		
数码印花 Digital printing		数码印花级别的优异保水性、高得色量和柔软手感 Excellent Water Retention, High Colour Yield and Soft Handfeel of Digital Printing Grade		
藻酸丙二醇酯 PGA	食品级 food	根据使用需求 As per requirement	60/80/120目 60/80/120 mesh	乳品及饮料、面制品、焙烤制品 Dairy and beverages, flour products, baked goods
		高透明度 High transparency		用于啤酒的泡沫稳定剂 Foam stabilizer for beer
海藻酸钾 Potassium alginate	食品、工业 Food/Industrial	根据使用需求 As per requirement	150/200目 150/200mesh	齿科印模材料、工业焊条用生 Dental impression materials and industrial welding rods
海藻酸 Alginic acid	药用级 Pharma grade	<50	100目 100mesh	原料药: 胃药、心脑血管药物、肾病药物、靶向制剂; 药用辅料: 崩解剂 Ingredients: gastric medicine, cardiovascular and cerebrovascular drugs, nephrotic drugs, targeted preparations; Medical excipients: disintegrants
海藻酸钙 Calcium alginate	食品 food	根据使用需求 As per requirement	80目 80mesh	面制品: 增稠、增劲 Flour products: thickening and strengthening
海藻酸铵 Ammonium alginate	食品、工业 Food/Industrial	根据使用需求 As per requirement	80目 80mesh	食品、化妆品增稠剂 Thickener for Food and Cosmetics
